

RIYA JAIN

Software Developer | Full Stack Web Developer

📞 9893091108 | riyajainjain2008@gmail.com | 📍 Bhopal, MP | linkedin.com/in/riya-jain-b946562a6 | github.com/RiyalOjain

PROFESSIONAL SUMMARY

B.Tech ECE student (2027) with hands-on internship experience in full-stack web development, data engineering, and cloud computing. Skilled in building responsive, production-grade web applications using HTML5, CSS3, JavaScript, and Tailwind CSS. Proficient in REST API integration, Python, and Microsoft Azure. Seeking a software development role to deliver clean, impactful digital products.

EDUCATION

B.Tech — Electronics and Communication Engineering

2023 – 2027

Lakshmi Narain College of Technology, Bhopal | CGPA: 7.59 / 10

TECHNICAL SKILLS

Languages:	Java, JavaScript, MySQL
Frontend:	HTML5, CSS3, Tailwind CSS, Responsive Web Design, Accessibility (WCAG)
Core CS:	Data Structures & Algorithms, OOP, REST API Integration
Cloud & Data:	Microsoft Azure (VMs, Storage, Resource Groups), ETL Pipelines, Data Cleaning
Tools:	Git, GitHub, VS Code, Chrome DevTools, Eclipse, IntelliJ IDEA

INTERNSHIP EXPERIENCE

Full Stack Web Development Intern | [Codtech IT Solutions](#)

Oct 2025 – Nov 2025

- **Built** responsive web pages using HTML5, CSS3, JavaScript, and Tailwind CSS, ensuring cross-device compatibility.
- **Developed** a reusable UI component library to establish a consistent design system across multiple projects.
- **Participated** in code reviews and maintained a clean, modular codebase aligned with industry best practices.

Data Engineering Virtual Intern | [EduSkills](#)

Oct 2025 – Dec 2025

- **Applied** ETL pipeline architecture — extraction, transformation, and loading — on real-world datasets using Python.
- **Performed** data cleaning, schema design, and batch processing workflows to ensure data integrity and usability.

Microsoft Azure Intern | [Microsoft Elevate \(AICTE\)](#)

Jan 2026 – Feb 2026

- **Provisioned** and managed Azure Virtual Machines, Storage Accounts, and Resource Groups in a cloud environment.
- **Implemented** scalable deployment strategies and cost-optimization principles using Microsoft Azure services.

PROJECTS

AI-Powered Interview & Resume Analysis Platform — *Java, Spring Boot, React, PDF Parsing, NLP, ATS Engine, REST API*

- **Developed** a web-based application using Java and Spring Boot enabling users to upload PDF resumes for automated content extraction — skills, education, projects, and experience.
- **Built** an ATS compatibility scoring engine that compares resume content against job descriptions, identifying missing keywords, skill gaps, and formatting issues with personalised improvement suggestions.

Drowsiness Detection System — *Python, OpenCV, Machine Learning*

- **Engineered** a real-time driver fatigue detection pipeline using facial landmark analysis and Eye Aspect Ratio (EAR) thresholding with under 200 ms alert latency.

- **Improved** detection reliability by 15% through threshold tuning and temporal frame smoothing across OpenCV video streams.

Personal Portfolio Website — *HTML, CSS, JavaScript, GitHub Pages* | Live: riya10jain.github.io/my-portfolio | GitHub: github.com/Riya10jain/my-portfolio

- Designed and deployed a responsive portfolio website using HTML, CSS, and JavaScript, showcasing projects, internships, technical skills, and achievements.
- Optimized performance, accessibility, and mobile responsiveness while integrating GitHub repositories, live demos, and downloadable resume functionality.

ACHIEVEMENTS & CERTIFICATIONS

- **Smart India Hackathon (SIH) 2025** — Cleared competitive college-level selection round.
- **Certified:** Introduction to IoT and Digital Transformation.
- **Active GitHub contributor** — maintains public repositories across personal and internship projects.
